When quest re mid race tactics, in particular the margin gained on the main body of field, Rdr explained after making early use of mount to take up a forward position, gelding proved difficult to settle during the middle stages and rather than overly restrain, allowed mount to travel comfortably. After reviewing footage, agreed should have made greater effort to steady mount in the middle stages.

S. Comments:Began awkwardly. Near 300m shifted out & bumped. Rdr had no explanation for performance of mare which weakened considerably in straight. When quest re riding approaching & round h/turn, Rdr explained view of connections, better part of track in h/straight was away from rail, so near 300m, allowed mount to shift out to get away from rail. Tnr confirmed instructs & re-affirmed belief best going was away from rail in straight. Rdr agreed in hindsight it would have been best to have maintained position rather than shifting out. Tnr unable to explain performance & mare going for spell.

Tnr stated filly at its first start, received interference at the start and lost ground, raced keen early and green throughout and clearly benefited from that experience-said, with the filly being up in distance, was expecting a forward showing, however; was somewhat surprised with the win.

S. Comments:Rdr quest re tactics early when it appeared there was opportunity to allow mount to improve forward closer to leader rather than allow that runner to establish a significant lead-said intention to be forward & gave consideration to improving leader, however as leader's Rdr was having significant difficulty restraining mount, quickly formed view leader would likely be detrimentally affected by this & would weaken late in race. Tnr said gave no specific instructs however, anticipated mare racing forward-added in hindsight, was not of view mare would have finished closer if ridden more forward.
