S. Comments:Stewards afforded S. Galloway the opportunity to comment on the horse's performance. He stated that the gelding travelled well and at a point near the 600m he allowed the gelding to stride forward to improve its position, however from the 400m, when placed under pressure, proved disappointing. He added that in his opinion the gelding may not have appreciated today's firm surface under the heavy impost of 59 1/2. A post-race veterinary examination revealed no abnormalities.

S. Comments:Had to be steadied from heels near the 1400m. R. Fradd explained that from his wide barrier he was obliged to settle further back in the field than he would have liked and this, coupled with the steady tempo of the race, did not suit the horse. He added that he is of the opinion that the horse is better suited to races over shorter distances with a more genuine speed to allow the horse to travel without having to be restrained. A post-race veterinary examination revealed no significant findings.

Further added rounding home turn attempted to shift out to obtain clear running but was held up in early stages of home straight at which point elected to shift in to secure clear running, resulting in being held up again between 200m and 100m. Trainer confirmed instructions and noted the gelding at its 2 previous starts was obliged to race closer to the speed than anticipated as a result of drawing wide barriers.
