Dittman explained that the horse only travelled fairly for the majority of the event and failed to quicken when asked and in his opinion was disappointing. Trainer L. Wheeler expressed some disappointment in the performance of the gelding today. He added that he did expect the gelding to position closer in the run, however after failing to do so and then failing to run on at the finish was of the opinion that the gelding may not have handled today's racing surface.

S. Comments:J. Lloyd explained that joining the course proper he was racing tight and he was aware that in previous starts the horse has shown an inclination to overrace when urged along. He said with this in mind and with runners to the outside of him, joining the course proper he was concerned with the position he was in and rather than maintain that spot he took the option to steady slightly to allow himself safe racing room.

S. Comments:D. Browne was asked to comment on the horse's performance. He indicated that it had been his intention to ride in a forward position, however, the filly began awkwardly and was slow to muster speed and he was therefore obliged to take up a position in the second half of the field where the horse did not race comfortably and was somewhat field shy. He added that in his opinion the horse is better suited to rain-affected track conditions and that today's good surface may have had a bearing on the performance. A post-race veterinary examination revealed no significant findings.

S. Comments:Trainer questioned re seemingly improved performance - stated performs best when ridden towards rear of field and allowed to run on. Noted last start the mare found itself in the lead in early stages, which wasn't his intention following which it performed poorly. The start prior to that at Ipswich similar tactics as today were adopted and it performed well. Explanation noted.
