S. Comments:Laid in rounding the home turn. Questioned re tactics - intention to lead outright, thought the other leader drawn inside may begin slowly and attempted to press forward early to attempt to obtain lead. Horse drawn inside was able to muster speed and maintain position to his inside so he continued to ride forward to obtain lead near 1000m. Had he realised other runner was going to continue to ride forward to maintain position to his inside he would have taken hold to sit off that runner instead of continuing to ride forward in early stages.

S. Comments:Slow to begin. J. Lloyd said connections wanted to race off the pace, but the gelding overreacted when being steadied shortly after jumping and got its head up and got further back than they had anticipated. He said he was inconvenienced severely when another runner broke down, resulting in him having to take evasive action passing the 600m. He added that he then rode the gelding along in the straight, but it failed to respond and he was not entirely happy with its action so he eased it down in the latter stages. Vetted, lame in the near foreleg. Veterinary clearance prior to racing again.

When asked to explain the horse's seemingly improved performance, trainer M. Nolan's stable representative, Ms J. Barsby, stated that the filly performed reasonably at its first start, however, due to immaturity was sent for a short let-up. She added that upon returning to the stable the filly has worked quite well in recent weeks, including performing well in two jump-outs at Toowoomba and were hopeful of a forward showing.

S. Comments:Weakened badly over the concluding stages. D. Browne reported that the horse travelled well in running, however did not respond when placed under pressure at the top of the straight and weakened. Trainer J. Sargent's representative Ms K. Wells confirmed disappointment in the performance and indicated that the stable would have veterinary tests performed over the coming days and report the findings to stewards and also the intentions with the horse during the current preparation. A post-race veterinary examination revealed no significant findings.
