| S. Comments:Rider questioned re tactics in early stages where from outside barrier he rode forward and led race, in contrast to horse's most recent racing pattern - explained tendency to be slow to begin and for this reason rode with vigour early. Added when it began well and showed early speed rather than be caught in a midfield position wide elected to stride forward to take the lead when runners to inside did not show an intention to hold that position. Trainer confirmed not intention to lead but to be more positive and take up midfield position. Explanations accepted. | | | | |

S. Comments:When asked to comment on the performance, jockey M. A post race veterinary examination failed to reveal any significant abnormalities. Trainer's representative Mr M. Henderson indicated they would have veterinary tests performed during the week and would report back to stewards the results. He also added that, in his opinion, the horse may not have appreciated the soft racing surface.
