When qst, rider stated her instructions were to be positive on the gelding, and if proving difficult to restrain to permit her mount to obtain the lead. Rider advised she was not aware she had established such a margin on the remainder of the field and had not intended to maintain the fast tempo. Stable rep confirmed instructions, however, did acknowledge it prejudiced the gelding's chances in setting such a fast tempo. Post-race vet revealed poor recovery. Clearance required.

S. Comments:Leaving the 1000m, tightened inwards and badly bumped the running rail becoming unbalanced for several strides and obliged to restrain. Performed below market expectations. Trainer advised that the stable were disappointed with the performance and attributed the interference incurred near the 1000m to be a contributing factor to the poor performance. A post-race revealed no significant abnormalities. Trainer advised that the mare had pulled up well following the run.
