S. Comments:After being slow to begin, hampered. Held up for clear run on entering the home straight. Rdr reported after beginning only fairly settled further back than intended as instructed to settle in a handy position if possible-said due to the tempo in the middle stages, was held up for clear run until shifting out in the straight where mount found the line well-added gelding would derive benefit from run & would appreciate a step up in distance. A post race vet exam revealed no abs.

S. Comments:When quest re if there was an opportunity to improve in the middles stages to bridge the gap leader had placed on field, Rdr said mount had a tendency to lay in early and was focused on getting mount to travel comfortably-said was the view the leader would not be able to sustain extended run and would likely come back to meet the field-added mount failed to finish off race as per its last winning performance but noted had lost its off-force plate, which may have contributed to performance. A post-race vet exam revealed minor laceration to its inguinal area.
