S. Comments: When questioned as to why he did not improve his position near the 600 metres, Jockey said his instructions were to not bustle the gelding early and that after beginning well he was able to obtain a position where his mount travelled comfortably, however he was mindful not to ride the gelding along from too far out, as he believed that it has only one finishing effort. Trainer confirmed the instructions. A post-race veterinary examination revealed the gelding was sore in front. Trainer was told a veterinary clearance would be required prior to next start.

Comments: When questioned in relation to riding tactics Jockey advised that after being fractious in the barriers and slowly away he allowed his mount to settle in a rearward position. He added that he travelled wide in the middle stages as he believed the inside going was inferior. He further stated he did not ride the gelding along in the downhill section of the track as he felt it would become unbalanced in the going and for this reason he allowed it to straighten and balance up before placing it under pressure and finishing strongly. The matter was adjourned to a later date.

S. Comments:Trainer questioned re mare resuming racing since October 2010. He said the mare had small tear of tendon previously and when connections realised that it would not be a breeding proposition the mare resumed its preparation. Pre-race veterinary examination cleared it to take place in field. Slow into stride
