S. Comments: When questioned in relation to the gelding settling on-pace, in comparison to that of its previous start, rider advised that he was instructed to ride the gelding in a positive manner in an attempt to obtain a forward position. He further added this was consistent with the stable's instructions for the gelding in its previous start, however it had been unable to obtain a more prominent position on that occasion.

followed by its most recent start, where it was caught wide throughout-added distance was more suitable and with the addition of ear muffs, its performance was not surprising.
