Coome stated that the gelding is still quite green but had improved in its work leading up to today's event and he was not surprised with today's result. A post-race veterinary examination revealed the gelding to be suffering from heat stress.

S. Comments:Questioned into the improved performance as to it's previous run, trainer stated that the gelding raced wide at its previous start over a longer distance than that of today's event which was a telling factor and further that horse is better suited over the shorter distance which it has raced well at this track and distance previously.
