When asked re tactics, Rdr stated anticipated settling in a leading position, however; after beginning only fairly, found mount in a wide position early-said passing the 1000m, when attempting to improve into a position one off the fence, another runner shifted off fence for a short distance, resulting in mount being unable to obtain cover. When quest if there was an opportunity to make use of mount early & obtain a more forward position, Rdr said given mount was on 7 day back up, was mindful not to make use of mount too early & elected to sit where comfortable in 3 wide position.

S. Comments:Over-raced in early and middle stages. When questioned re tactics, in particular over the middle stages, Rdr stated mount over-raced in the early and middle stages and was intention to maintain a position at the rear, however, after another runner improved to outside passing the 1000m, this caused mount to take charge, forcing gelding to sustain an extended run which was detrimental to its finishing efforts. A post-race vet exam revealed minor abrasions to off-hind leg.
