When quest re mid race tactics, in particular the margin gained on the main body of field, Rdr explained after making early use of mount to take up a forward position, gelding proved difficult to settle during the middle stages and rather than overly restrain, allowed mount to travel comfortably. After reviewing footage, agreed should have made greater effort to steady mount in the middle stages.

S. Comments:Fractious in the barriers prior to the start being effected. When quest re tactics adopted early, Rdr explained after beginning well, mount raced keenly, and when it was evident would be trapped wide, allowed mount to stride and settle outside of the leader. A post-race vet exam revealed a poor recovery. Vet cert with endoscopic results prior to racing again.
