S. Comments:When questioned regarding the performance, jockey R. Fradd stated that after having a favourable run throughout the gelding failed to finish the race off as expected when placed under pressure near the 400m. He added that as he had some concerns that the gelding may be suffering from a breathing issue he was reluctant to pressure his mount over the concluding stages. Post race the veterinary examination recommended the gelding under an endoscopic examination. Trainer M. Dunn expressed his disappointment in the performance and advised that he would have the horse undergo an endoscopic examin

S. Comments:Near 600m steadied. Stewards questioned Jockey M McGuren re tactics adopted whereby the gelding settled further back in field today than anticipated. Jockey McGuren advised instructed to ride horse in a mid-field position if possible today and for that reason he did not overly bustle the horse early. He added that the gelding did not show the speed that he had anticipated in the early stages which he attributed to the gelding racing without the blinkers today and as a result settled further back in the field than he had anticipated. Stewards noted his explanation.

| S. Comments:When questioned regarding the mares improved performance, trainer M. Dunn explained that at its last start, when racing in a forward position, it overraced, and on the recommendation of jockey Fradd he removed the cross-over nose band and winkers and added a tongue tie. He said that he instructed the rider to attempt to settle the mare off the speed with cover, which he believed would allow the mare to finish the race off. Stewards advised Mr Dunn that if it was his intention to change the tactics which had been adopted at recent starts, he was obliged under the rules of racing to notify stew |                 |          |                                     |
