Wheeler expressed some disappointment in the performance of the gelding today. He added that he did expect the gelding to position closer in the run, however after failing to do so and then failing to run on at the finish was of the opinion that the gelding may not have handled today's racing surface.

S. Comments:Mr B. Gordon, representative for trainer B. Laming, was questioned regarding the horse's seemingly improved performance today as compared to its most recent starts. Mr Gordon explained that the horse was second up today and at its previous start it was obliged to race wide and hung out in the home straight, which placed its rider at a disadvantage. He added that the filly had blinkers, a lugging bit and bubble cheeker on the nearside today, which in his view was advantageous to its performance. He added that SWISS LOVE was well ridden today when able to lead and dictate the tempo of the race.

He indicated that the horse, after failing to respond to his riding in the early stages of the home straight, became awkward in its action and for this reason he did not ride the horse out over the final 200m. He added that in his opinion the horse did not handle the rain-affected conditions. A post-race veterinary examination revealed the filly to have a slow post-race recovery.
