He indicated he had been obliged to do more work than he would have liked in the early stages in order to cross to the lead, however the horse was still, in his opinion, disappointing in its finishing effort. A post race veterinary examination revealed the horse was showing signs of a low grade respiratory infection. Trainer B. Lockwood advised that the gelding would now be sent for a spell.

S. Comments:Jockey J. Lloyd reported that he intended to be in a midfield position, however after being slightly slow to begin and then placed in restricted room shortly after the start he was obliged to settle further back than anticipated. He added that he was reluctant to place undue pressure on the horse from a wide barrier to obtain a midfield position, so he was content to restrain to a one-off position towards the tail of the field.

S. Comments:Raced with its head in the air when being restrained in the early stages. When asked to comment on the horse's performance, J. Byrne indicated that at no stage did the horse travel comfortably, racing with its head in the air in the early stages and near the 850m, when following MOGUL, that horse shifted in and made contact with the running rail. He felt that this caused his mount to shy and lose ground and become very awkward in its action. He indicated that from that point onwards the horse did not respond to his riding and was very disappointing in the run to the line.

S. Comments:Rider questioned re why did not avail himself to a run directly in front in early stages of home straight rather than shifting out around heels of NARDOO, resulting in contact on 2 occasions with I LIKE CANDY. Initially considered improving was of view track firmer towards inside and with the option he took he did so as he was of the view that I LIKE CANDY was weakening and would have allowed his horse clear running.
