Questioned regarding below market performance, Jockey stated after being slow to begin and then receiving slight interference shortly after, the filly failed to show sufficient early speed and raced 3 wide. He added that the filly only finished the race off fairly. He noted a step back in distance from its last start may not have been ideal and suggested to connections to experiment with blinkers.

He indicated after beginning well he took hold as he had been instructed to obtain a position behind the lead with cover. He was happy with the position he obtained approaching the first turn and when MORION improved past his mount approaching the 600m he considered shifting to a position behind that runner, however he did not feel his mount was travelling well enough and he was also of the view he would obtain a run to the inside of that horse when rounding the home turn. S. Comments:When questioned regarding the tactics adopted as the horse settled back in the field, apprentice J. Murphy indicated that from the wide barrier draw he had been instructed to try to obtain cover and it had not been his intention to settle as far back as he did, however was obliged to do so in order to obtain a position closer to the fence. He added his mount would have settled closer to the lead with a more favourable barrier, and would benefit from a step up in distance next start.
