An initial post-race veterinary examination of the gelding which weakened noticeably over the concluding stages found the gelding to be displaying an elevated respiratory and heart rate. Upon returning to treat the horse a further veterinary examination revealed the gelding to have blood present in both nostrils. This could not be contributed to an external trauma therefore Trainer was advised the gelding will now undergo a mandatory 3 month suspension under AR53A(4) and will be required to gallop 1000m in the presence of stewards prior to resuming racing. | Aaron Spradau        | (3) 59.5     | <b>In Running: /7/6</b><br>\$8,000 \$13<br><b>In Running: /2/1</b>           |

| S. Comments:When asked to comment on the performance, jockey B. Pengelly indicated that after passing the 500m he was obliged to pressure the filly in order to hold its position and was somewhat disappointed with the horse's finishing effort. He added however he felt the filly would appreciate a step up in distance which would allow it to travel more comfortably in the early stages. |                     |          |          |                         |

S. Comments:Proved difficult to load. Bumped with another runner on jumping. Was inclined to lay in for a short distance after the start. Raced wide rounding the home turn. Lost its near fore plate in running. Trainer was advised that the gelding would be required to trial satisfactorily prior to being permitted to race again.
