S. Comments:Questioned re tactics - rider stated instructed to ride forward as had been slow to begin in previous 2 starts. After begining awkwardly and from wide barrier had to ride vigorously in early stages to comply with instructions. Pressure required in early stages had detrimental effect on overall performance. Noted filly trialled well when settling in forward position and would derive fitness benefit from run. Trainer confirmed instructions and would issue similar

instructions in future when stepped up over further distance. S. Comments: Slow to begin. Stewards asked apprentice L. Tarrant to explain the tactics adopted as after passing the 900m he shifted wider on the track and from the tail of the field improved quickly when positioned three wide to take up the lead passing the 600m. Apprentice Tarrant indicated that it had not been his pre-race intentions, however after settling, his mount commenced to overrace when the pace slackened at that point and after shifting wider to avoid

heels, he was of the view that it would be in his best interests to position the horse closer to the lead.

S. Comments: Forced wider for a short distance in the early stages, and then overraced until approaching the 1000m. Held up rounding the home turn and until the home straight, and near the 300m the rider attempted to force another runner wider to obtain clear running and made contact with that runner on a number of occasions and became unbalanced. Then continued to be held up for clear running until approaching the 100m.

S. Comments: Stewards questioned trainer Mr. M. Webb regarding the impr	oved performance	He indicated that due to t	the horse having poor pre-race

manners he had started it at its first start from a spell wearing earmuffs and with hindsight was of the opinion that the earmuffs caused the gelding to switch off as it was unable to muster early speed and was disappointing. He indicated that on the horse's previous trial form and work leading into today's race he expected improvement.
