S. Comments:Apprentice A. Thompson was questioned in relation to his riding of BAMBALAM and the significant margin he established during the middle stages. He advised stewards his instructions were to initially obtain cover which he attempted to do, however was unable to do so in the early stages and therefore elected to allow the horse to stride forward and secure the lead in an attempt to have the settle. He indicated he obtained the lead in the back straight, and after restraining, the horse commenced to fight against being restrained and it became unbalanced and its breathing he felt was restrictive

| S. Comments:Bumped on jumping. After leading for the majority of the event, when placed under pressure passing the 600m commenced to weaken and finished at the rear of the field. When asked to explain the horse's performance, rider K. O'Hara stated that the mare travelled well until passing the 600m and failed to respond when placed under pressure and she desisted from riding the mare out over the final 200m as she had concerns with its action. A post-race veterinary examination revealed the mare to have poor post-race recovery and to be exhibiting signs of being in season. |                       |          |          |                                     |  |
