S. Comments:Slow to begin. Stewards questioned jockey A. Spinks regarding the tactics he adopted in the straight. Of concern to stewards were his actions to shift back to the inside of CAPE WICKHAM when it appeared he had opportunity to shift to the outside of that horse early in the home straight, which would have afforded his mount an uninterrupted run to the line. He indicated it had been his intention to shift to the outside of that runner however when CAPE WICKHAM commenced to shift out under pressure he elected to shift back to the inside as he was reluctant to commit himself to the outside wh

Inclined to lay in significantly in the run to the finish and proved difficult to ride. A post-race veterinary examination revealed the gelding to be displaying signs of mild heat stress.

S. Comments:Rider questioned re tactics in early stages where from outside barrier he rode forward and led race, in contrast to horse's most recent racing pattern - explained tendency to be slow to begin and for this reason rode with vigour early. Added when it began well and showed early speed rather than be caught in a midfield position wide elected to stride forward to take the lead when runners to inside did not show an intention to hold that position. Trainer confirmed not intention to lead but to be more positive and take up midfield position. Explanations accepted.

S. Comments:Raced wide in the early stages. When questioned jockey McGillivray stated that after being caught wide early he obtained a position outside the leader. He further stated that despite the slow tempo the gelding failed to run on when placed under pressure and disappointed. A post race veterinary examination revealed cardiac arrhythmia. Connections were advised that the gelding would be required to undergo an ECG, with results reported to stewards, as well as trialling satisfactorily and a veterinary clearance to be supplied. A swab sample was taken.
