When asked re tactics, Rdr stated anticipated settling in a leading position, however; after beginning only fairly, found mount in a wide position early-said passing the 1000m, when attempting to improve into a position one off the fence, another runner shifted off fence for a short distance, resulting in mount being unable to obtain cover. When quest if there was an opportunity to make use of mount early &amp; obtain a more forward position, Rdr said given mount was on 7 day back up, was mindful not to make use of mount too early &amp; elected to sit where comfortable in 3 wide position.
