S. Comments:Rdr quest re tactics early when it appeared there was opportunity to allow mount to improve forward into a position closer to leader rather than allow that runner to establish a significant lead-said instructed to take up a position in 2nd half of field & when mount began well, attempted to steady to fulfill instructs-added at no stage did anticipate being as forward as where mount settled. Tnr confirmed instructs & was satisfied Rdr had attempted to follow instructs, however whilst not critical of ride, in hindsight, may have been better served riding forward after beginning well.

S. Comments:Rdr quest re tactics early when it appeared there was opportunity to allow mount to improve forward into a position closer to leader rather than allow that runner to establish a significant lead-said instructed to take up a position in 2nd half of field & when mount began well, attempted to steady to fulfill instructs-added at no stage did anticipate being as forward as where mount settled. Tnr confirmed instructs & was satisfied Rdr had attempted to follow instructs, however whilst not critical of ride, in hindsight, may have been better served riding forward after beginning well.
