S. Comments:Slow to begin. Making the turn out of the home straight on the first occasion, improved onto heels and shifted out abruptly. Due to the moderate temp, over raced at heels for a considerable distance in the early and middle stages. When asked to comment on the performance of the mare, apprentice C Collis advised that in his opinion, the slow early tempo was the major contributing factor in relation to the performance particularly when after being slow to begin, he was forced to obtain a trailing position in the event rather than being able to lead the event.
