S. Comments:Inquiry re performance. Rider said that at its most recent start the gelding had shown a tendency to overrace, however in today's event he was obliged to pressure the horse to hold its position. He added that rounding the turn the horse laid in and continued to do so until approaching the 300m. He indicated that he was disappointed with the performance and recommended to connections to experiment with blinkers on the gelding and also consider dropping the horse back in distance for its next start.

S. Comments: When questioned regarding the poor performance of the gelding Jockey said that after beginning only fairly his mount was able to obtain a prominent position, where it travelled comfortably throughout, however when a run presented rounding the home turn he placed his mount under pressure and it did not respond to his urgings and was disappointing. Jockey added that in his opinion the gelding performs better over longer distances than today's event. A post-race veterinary examination did not reveal any abnormalities.
