S. Comments:When questioned regarding the mares improved performance, trainer M. Dunn explained that at its last start, when racing in a forward position, it overraced, and on the recommendation of jockey Fradd he removed the cross-over nose band and blinkers and added a tongue tie. He said that he instructed the rider to attempt to settle the mare off the speed with cover, which he believed would allow the mare to finish the race off. Stewards advised Mr Dunn that if it was his intention to change the tactics which had been adopted at recent starts, he was obliged under the rules of racing to notify stewards.

She indicated that after the horse started at the Gold Coast on 17 May the stable added a tongue-tie to the horse's gear, which it raced in on 17 June. However the gelding's performance on this occasion could be explained by sustaining interference on a number of occasions throughout the event, as noted in the Stewards' Report. She added that the stable had expected a forward showing in today's race as the horse had responded in its trackwork following the addition of the tongue-tie. A post race

Browne stated that the colt got further back in the field than he anticipated, however travelled reasonably well without looking like the winner and, in his opinion would appreciate a step up in distance in its future races.
