S. Comments:Trainer W. Nugent was asked to explain the seemingly improved performance. He indicated the horse, in his opinion, had appreciated the step-up in distance, however was at a loss to explain the horse's last start performance. Mr Nugent indicated he supported the gelding at its most recent start and was very disappointed, having had blood tests performed following the event which had failed to identify any problems. He added at both starts this preparation due to the horse being awkward to begin and being tightened for room at its most recent start, the horse had settled further back in the fi

He indicated that it had been his intention to ride in a forward position, however, the filly began awkwardly and was slow to muster speed and he was therefore obliged to take up a position in the second half of the field where the horse did not race comfortably and was somewhat field shy. He added that in his opinion the horse is better suited to rain-affected track conditions and that today's good surface may have had a bearing on the performance. S. Comments:Near 100m shifted in and steadied from the heels of DYNASTIC. Rider questioned re tactics - stated specifically instructed to press forward early stages to obtain lead. Furthermore, if able to lead and obtain cheap sectionals then increase tempo leaving 600m. Added unable to cross DYNASTIC in early stages, which resulted in him racing to outside and forward of that runner in early and middle stages. Added leaving 600m failed to respond to his riding as expected and displayed a tendency to hang in in home straight. Trainer confirmed instructions.
