When quest re tactics, re decision to restrain to rear near 600m, Rdr said instructed to allow gelding to settle forward where comfortable-added began only fairly, applied pressure to gelding to be forward, however when other runners showed speed, restrained rather than being caught wide-further said rather than continuing in same position & be wide near 600m, shifted in as would have been taken wider round h/turn which would have affected finishing effort. |                      |                 |                                     |
