When guest re ride in home straight, Rdr reported gelding had a tendency to lay in, in its previous starts, so carried whip in right hand but after mount commenced to shift out, changed whip hand inside the final 100m, improving gelding's tractability over concluding stages. S. Comments: Stood flat footed as the start was effected & lost significant ground (5L). Official trial to Stewards satisfaction prior to racing again. When asked about tactics adopted from 1300m, Rdr stated instructed to allow gelding to stride unrestricted and slowly work into race from about that point, so gelding was in striking range coming to the home turn-said after slow start, allowed mount to improve around field from 1300m, & as the pace had slackened, resulted in gelding settling outside lead near 700m-added a short distance later, gelding was under pressure & weakened from the 200m.
