Raced wide early, before being allowed to stride to sit off lead near the 1200m. Rdr reported had to make use of gelding early to avoid being caught wide & when placed under pressure in the straight, mount failed to respond, adding the efforts early to obtain a position may have had an affect on the horse's performance-further added gelding may be better suited to lower grade races. A post-race vet exam revealed no abs.
