S. Comments:When questioned, Rdr explained asked to be forward and find the fence either in the lead or behind the leader-said after beginning well, rode gelding hard, however: one of the expected leaders in the race, held its inside position and when it was clear mount did not have the speed to press on to get ahead of that runner, elected to come back to find the fence-added another runner had improved to inside resulting in mount being obliged to race one off the rail.
