| S. Comments:When questioned regarding the poor performance Jockey explained that the mare raced comfortably in the lead in the early and middle stages, however when asked for an effort prior to straightening for home failed to respond and weakened noticeably. A post-race veterinary examination did not reveal any abnormalities. Trainer was at a loss to explain the poor performance and undertook to advise stewards if anything was amiss with the filly in the days following the event. Trainer since reported that mare had pulled well and it was his intention to freshen the mare prior to its next start. |                     |          |     |                            |

| S. Comments:Was slow to begin. On returning to scale jockey asked to view the patrol film in relation to having his mount be declared a non - runner on the basis that his mounts barrier gate failed to open. After taking evidence from the jockey and viewing the stewards patrol film. Stewards were of the opinion that the barrier gate was marginally slow to open however bearing in mind the minor ground lost at the start the mare was declared a runner. |                      |                 |                           |

| S. Comments:Stewards considered an objection lodged by 3rd placegetter against the gelding alleging interference near the 150m. On the evidence it was established that near the 150m gelding shifted in and caused interference to 3rd placegetter however bearing in mind the margin between the two runners at the finish stewards could not be comfortably satisfied that had the interference not occurred 3rd placegetter would not have beaten the winner and subsequently the objection was dismissed. |                   |                     |                                 |  |

| S. Comments:For some distance in back straight made contact with another runner on a number of occasions. Stewards considered an objection lodged by Jockey of second placegetter alleging interference in the home straight. After taking initial evidence Jockey made application to withdraw the objection however as stewards believed that the hearing was warranted the application was denied. On the evidence it was established that over the concluding stages gelding shifted out towards second placegetter for a considerable distance however both horses had an unimpeded run to the finish. Protest dismissed. |                    |               |                                    |

| S. Comments:When questioned regarding the poor performance apprentice explained that his mount travelled comfortable in a prominent position throughout however when placed under pressure in the straight his mount failed to respond and was disappointing. He attributed the poor performance to the gelding's heavy impost of 60kg and added that in his opinion gelding did not appreciate the hard track conditions. A post race veterinary examination of the gelding did not reveal any significant abnormalities. |                    |              |                          |
