Apprentice Tarrant indicated that it had not been his pre-race intentions, however after settling, his mount commenced to overrace when the pace slackened at that point and after shifting wider to avoid heels. he was of the view that it would be in his best interests to position the horse closer to the lead.

S. Comments:B Stewart reported, in his opinion, the horse was not entirely comfortable in the soft track conditions and he felt that as this was the horse's first start from a spell it would take benefit from the run. Trainer D. Meagher reported that in hindsight he may have erred in removing the blinkers from the horse's gear. Trainer Mr M. Mair advised that he would consider adding blinkers to the horse's gear and give the horse one more start over a longer distance before considering its racing future.

S. Comments: Stewards questioned apprentice M. McGillivray regarding the tactics adopted today which was to lead in the early stages when the horse has not previously led. He indicated pre-race the plan was to attempt to secure cover preferably in a midfield position, however after beginning well it became apparent he would be caught wide he then elected to ride forward to secure a position closer to the fence. He added that the horse was having its first start over 1600m and the mare raced keenly in the middle stages. Stewards accepted the explanation.

S. Comments: Jumped awkwardly and lost ground. T. Harrison reported at scale that her mount was most disappointing and in her opinion may not have backed up from its start on 6 May. Trainer M. Mair agreed that the performance was disappointing and said that he would have blood tests carried out on the horse, the results of which he would report to stewards. He added that he would give consideration to sending the horse for a spell. A post-race veterinary examination revealed no significant findings.

S. Comments:Began awkwardly. When questioned regarding the tactics adopted, in particular setting a quick tempo in the early and middle stages, trainer stated that the filly's best runs have been when it has been allowed to roll along in front and attempt to run the field off its feet. Mr Hansen added that the filly does not appreciate being overly restrained or racing around other horses and is much better suited by the tactics adopted today. Mr Hansen added the filly has never raced on a surface worse than good before and he is not convinced it appreciated the soft track conditions today.
