S. Comments:Slow to begin. Jockey questioned regarding the riding and performance of the gelding said that he pressured gelding to maintain contact with the rear of the field. His mount raced dour in the early and middle stages and he was of the opinion that it was looking for races over a longer distance. He was mindful of the heavy impost of 59kg and added that the gelding had come to the end of its preparation. Trainer L. Rowe confirmed that the horse will now be spelled.

S. Comments:Questioned re: improved performance stable noted the filly was having its second race start. At its first start the filly, after being slow to begin, suffered interference during the early stages which contributed to its disappointing performance. Stable added that the filly began well today and was able to travel comfortably in a midfield position, which with the addition of blinkers contributed to the improved performance. Trainer reported that the filly suffered a hindleg injury subsequent to this start and was sent for a spell.

S. Comments:Trainer B. Baldwin was afforded the opportunity to explain the improved performance. He said that at the horse's previous start from a good draw it gained a favourable position early, however was shuffled back in running to a rearward position before being shifted wider and finishing the race off nicely. He added prior to that the horse raced over a shorter distance and had previously shown disappointing performances on rain affected tracks. Mr Baldwin added with today's increase in distance and the horse dropping back in class the filly performed favourably as he expected.

S. Comments:Trainer B. Wakefield stated no specific instructions issued to the rider other than to seek cover and attempt to race midfield from its wide barrier being the gelding's first start over this distance. Rider B. Grylls said her mount raced keenly early and she was unable to place it in a position with cover and elected to race near the tail of the field. She added that when the pace steadied near the 1300m the gelding settled and from that point on she had a trailing position, however she was forced to race wide after leaving the 600m. S. Comments:Questioned re the performance, rider stated that his mount began well and established the lead quickly, added that his mount raced keenly in the early and middle stages and was under pressure from the 700m to maintain its position, also stated his mount failed to sprint in the straight and was disappointing. Trainer reported in the days subsequent that the mare had pulled up well and that he would add a tongue tie to its gear as he suspects it may have got its tongue behind the bit during the event. A post race vet exam did not reveal any abnormality.

S. Comments:Commenced to pull hard after leaving the 800m. Apprentice S. Eilbeck was questioned regarding the tactics she adopted after leaving the 600m. She stated that at that stage of the race the mare was travelling well and she elected to ease out to be ready to place pressure on the leaders on straightening, however her mount was then forced to race four wide. Apprentice Eilbeck agreed that she had erred by shifting out at a critical stage of the race near the 500m rather than staying in with cover.

She indicated that her instructions were to ride the gelding in a negative fashion in the early stages and attempt to have it settle back in the field, however her mount raced keenly and she allowed it to improve to the lead. She added that she attempted to restrain her mount however the horse continued to race keenly and she was satisfied that the gelding was travelling well in front. Stewards noted the explanation.
