Comments:Shortly after start when being ridden forward to obtain a position closer to the rail the saddle shifted back noticeably causing the mare to attempt to buck and in doing so shifted in tightening runners to its inside and eventually made heavy contact with the running rail for a short distance and lost

actempt to buck and in doing so shinted in dighterning furniers to its inside and eventually made neavy cortact, with the running rail for a short distance and its ground. From that point was unable to be fully tested for the remainder of the event. As Stewards were of the opinion that the mare had attempted to buck because of the saddle shifting back they took no further action.
