S. Comments: Slow to begin. J. Lloyd said connections wanted to race off the pace, but the gelding overreacted when being steadied shortly after jumping and got its head up and got further back than they had anticipated. He said he was inconvenienced severely when another runner broke down, resulting in him having to take evasive action passing the 600m. He added that he then rode the gelding along in the straight, but it failed to respond and he was not entirely happy with its action so he eased it down in the latter stages. Vetted, lame in the near foreleg. Veterinary clearance prior to racing again.

aggressively settled at the tail of the field. He added that he was obliged to niggle the horse throughout the event to remain in touch with the main body of the field and the horse commenced to improve approaching the 400m. He further added that he was obliged to alter course near the 200m to obtain clear running and felt that the horse was doing its best work over the concluding stages and he was of the opinion that a step up in distance would be beneficial
