S. Comments:Raced wide throughout. When questioned regarding its performance, the rider stated that gelding was disappointing. He was mindful that it usually showed pace, however as this was the first time with blinkers, it had failed to race well and suggested to remove the blinkers and step up in distance. Trainer J. McConachy confirmed that the blinkers will be removed for its next race start. A post-race veterinary examination revealed that gelding was displaying a slightly slower recovery rate. A small amount of blood was observed in the back of the horse's throat.

S. Comments:When questioned regarding the performance of the gelding, which was below market expectations, Apprentice explained that he had been instructed to ride the gelding in a forward position, however when another runner improved to his inside, his mount was inclined to race keenly throughout and was a beaten horse prior to straightening for home. Trainer expressed disappointment with the performance, however was of the opinion that the gelding will be better suited in races over shorter distances. A post-race veterinary examination did not reveal any abnormalities.
