S. Comments: Obliged to race in restricted room near the 700m and again inconvenienced by another runner approaching the 400m and forced wider on the track. Apprentice J. Murphy was asked to comment on the horse's performance. He indicated that after travelling favourably in the early and middle stages the horse suffered interference on the home turn and failed to respond to his riding thereafter. A post-race veterinary examination revealed a poor post-race recovery.

S. Comments: Trainer questioned re the horse's seemingly improved performance. He said he had expected a forward showing in today's event as he had anticipated the track having more give than at its two most recent starts. He added that the horse has performed well previously racing on similar surfaces. He further added that the gelding was able to obtain the lead without being challenged today and he believed this was also beneficial to the horse's chances. He said he had supported the horse as he believed that having a 3kg claiming apprentice was also a significant factor.

S. Comments: Overraced in the early stages. Eased down by the rider. A post-race veterinary examination revealed the gelding to be displaying cardiac arrhythmia. Connections were advised that the horse must perform satisfactorily in an official trial and a veterinary clearance, including the results of an ECG, must be produced prior to the gelding racing again.
