**S. Comments:**When questioned regarding the run, apprentice A. Thompson stated it was his instructions to race in a forward position, however, after working to a three wide position he elected to push forward approaching the 800m to the outside of the leader. As a result, he was then reluctant to overly restrain his mount as it had previously had a tendency to get its head up in track work when being restrained. He added that he would have preferred to have obtained a position on the rail or sitting off the header, however, he was unable to do so and the horse thereafter gave ground in the straight. Trainer

Trainer advised he was unable to offer any tangible explanation for the gelding's performance today other than the heavy track and that he was disappointed with its performance. Vetted - slow post-race recovery.
