S. Comments:Rider re performance - explained instructions were to sit handy with cover if possible however, if no speed connections would be satisfied to take the lead without applying pressure. Further explained mare had a reasonable run in middle stages although POOR CORNER had applied some pressure in the middle stages and in her opinion the mare was not overly disappointing. Of the opinion the mare may be better suited when ridden with cover and possibly may not have run out a strong 1400m today. Explanation noted.

Connections were advised that a warning would be placed on the horse's racing manners. Improved onto heels near the 300m, causing its rider to stop riding and shift out abruptly in order to secure clear running, and a short distance later and was unable to secure clear running until leaving the 200m. A post race veterinary examination revealed the horse was suffering from heat stress. Trainer S. Kendrick was advised that the gelding would require a veterinary clearan

Mr. Hatch added that prior to committing to where he will place the horse next, he will arrange for it to undergo an endoscopic examination and will report to Stewards should any abnormality become apparent. A post-race veterinary examination of the horse revealed no apparent abnormalities. A swab sample was taken from the gelding.

S. Comments:After passing the 900m commenced to hang in and proved difficult to ride and then shortly after straightening commenced to weaken and finished a distant last. Trainer of the opinion did not appreciate today's firm surface and is more suited to softer track. Vetted - poor post race recovery.
