Added held up approaching and passing 200m and when able to get clear mount worked home strongly. Further added had he gone wider rounding home turn would have covered significant extra ground which would have been detrimental to his mount's chances.

Rider questioned re racing in a rearward position - stated originally his intention to race forward however, after jumping only fairly found himself racing three wide to the outside of FRESPANOL. As such rather than be caught wide he obtained cover following FRESPANOL, expecting that horse to maintain a forward position. Soon afterwards runners to the outside crossed FRESPANOL which resulted in his mount racing further back than he would have liked.

Hug out in the home straight, causing its rider to stop riding on a number of occasions. M. Cahill dropped his whip near the 250m. M. Cahill reported that his mount was under pressure whilst hanging out rounding the home turn and was very disappointing in the run to the line. He said carrying top weight in today's event may have had a detrimental effect on the overall performance. He added that in his opinion it races best on very firm surfaces. Vetted, slow recovery.

S. Comments:When asked to explain the improved performance today, trainer K. Kemp explained that at its last start the gelding overraced and the rider elected to shift wider on the track, which may have exposed the gelding earlier than he would have liked, which may have had a detrimental effect on the gelding's finishing effort. He added that with the fast tempo today the horse travelled in a comfortable position without being exposed too early, which was consistent with its runs prior to its last start in which it perform creditably.
