S. Comments:Laid out rounding the home turn. Inquiry re poor performance. Rider advised that after beginning well she obtained a forward position where the gelding travelled comfortably in the early stages of the event. She added however that her mount was under pressure from the 800m, which she attributed to the horse not being entirely comfortable in the prevailing track conditions tonight. S. Comments: Questioned as to improved performance - trainer stated gelding after drawing wide barriers at its last 2 starts had been pressured early to take up a forward position resulting in it overracing and weakening on both occasions. Today gelding was able to settle comfortably in a mid field position which enabled it to finish the race off better than it had at its previous starts.
