Ms Bell stated that no specific instructions were issued to Jockey Day, however if the horse was to race in the field he should pressure the mare and take up a forward position. Jockey Day said that the horse had been freshened up and that he placed the horse under pressure in the early stages and whilst he had not expected to lead, once his mount settled it raced comfortably.

Comments:When questioned regarding her riding Apprentice explained that she had been instructed to obtain a handy position however after beginning only fairly from the widest barrier she elected to restrain her mount in an attempt to find a position closer to the running rail. She said that when the pace slowed in the middle stages her mount commenced to over-race and rather than attempt to sustain a wide run she elected to remain racing at the rear of the field. She added that she then placed her mount under pressure near the 600 metres and it ran to the finish only fairly.
