Racing Queensland (**RQ**) has received notice from Harness Racing Australia (**HRA**) that it has approved amendments to the Australian Harness Racing Rules (**AHRR**), as summarised below:

1. **Grant of Licences and Other Matters – Driver’s Licence (Grade C)**

Amend Rule 90A(1.9)(a)

The amendment narrows the activities permitted for Grade C drivers by removing their ability to drive at race meetings to prepare a horse to race. The rationale for the change is the safety concern that inexperienced drivers should not be on the track during race meetings in circumstances that may increase the risk of incidents.

2. **Medical and surgical procedures – Blistering**

Amend Rule 99A(2); renumber Rule 99A(3) to Rule 99A(5) and amend; add new Rule 99A(3)(a), (b), (4)

The amendments update the definition of blistering and introduce a minimum ineligibility period and notification requirement. The changes align more closely with thoroughbred rules and welfare legislation and ensure Stewards have clear powers to stand down horses that have been subjected to the practice.

3. **Medical and surgical procedures – Blood letting**

Add new Rule 99B(1), (2)(a), (b), (c), (3)(a), (b), (4)

The new rules prohibit blood letting, subject to limited exceptions for diagnostic testing, life-saving veterinary procedures and regenerative therapies. The rationale for the change is to prohibit unacceptable practices while preserving appropriate veterinary treatment and testing.

4. Medical and surgical procedures – Chemical castration and immunocastration

Amend Rule 100(3); repeal Rule 100A; add new Rule 100A(1)(a), (b); add new Rule 100A(2)

The amendments introduce restrictions on racing and breeding for horses that have undergone chemical castration or immunocastration, while leaving the existing gelding provisions otherwise unchanged.

5. Bleeding Attacks

Add new Rule 101BB(1), (2)

The new rule prohibits interference with blood found in a horse's nostril or nostrils at a meeting until it has been assessed by the official on course veterinarian and permission is granted. The change is intended to protect the integrity of veterinary findings and support horse welfare and driver safety.

6. Atrial Fibrillation

Amend Rule 101C(2)(a); amend Rule 101C(2)(b); renumber Rule 101C(2)(c) to Rule 101C(2)(e) and amend; add new Rule 101C(2)(c); amend Rule 101C(2)(d); add new Rule 101C(2)(f); amend Rule 101C(3)

The amendments revise the stand-down, veterinary clearance and trial requirements following atrial fibrillation episode, including different consequences depending on the timing and recurrence of episodes.

7. Whips

Amend Rule 156(2)(a); repeal Rule 156(2)(b)(ii); renumber Rule 156(2)(b)(iii) to Rule 156(2)(b)(ii)

The amendment removes the 45-degree forearm requirement and refines the wording of the wrist-only flicking motion rule. The basis for the rule change is that, where the whip is used correctly in a wrist-only flicking motion, the forearm and shoulder do not play a role.

8. Offences – relating to matters at the start and during the race

Add new Rule 162(1)(vvv)

The new offence prohibits the practice of using the reins in a “see sawing” action for any purpose, including when attempting to return a horse to its correct gait. The change responds to welfare concerns about this practice and clarifies that it is not an acceptable driving technique.

9. Offences – sprint lane

Renumber Rule 166(2) to Rule 166(3) and amend; add new Rule 166(2)

The amendment clarifies what a driver must do if a horse or sulky shifts inside the sprint lane before the final lap. The change is intended to prevent a horse from improving its position from inside the sprint lane before that part of the race.

10. Out of Competition Testing

Amend Rule 190A(1) preamble; amend Rule 190A(1)(a)

The amendment broadens the operation of the out-of-competition testing rule so that it applies where a horse may be spelling or otherwise under the care, custody or control of an unlicensed person.

11. Log Book

Amend Rule 190B(1) preamble

The amendment allows the required log book to be kept in the form specified by Stewards. This supports future use of digital log books and allows greater flexibility in how treatment records are maintained.

12. Injectable product containing cobalt salts

Renumber Rule 194B(2) to Rule 194B(3); add new Rule 194B(2)

The amendment inserts a definition of cobalt salts into the rule.

13. Horses

Amend Rule 218A(1)(c)

The amendment strengthens the requirement to obtain veterinary advice and provide treatment when necessary. The rationale is to make clear that veterinary advice should be obtained promptly and treatment provided immediately where necessary for the welfare of the horse.

14. Blood Doping

Amend Rule 254A(2)

The amendment expands the permitted veterinary exceptions to include treatment of musculoskeletal disease and diagnostic or laboratory testing procedures. The change is intended to align the rule with accepted veterinary standards while maintaining the prohibition on blood doping.

15. Sale of Horses

Amend Rule 265(1), (4), (5)

The amendments reinforce the powers of Stewards in relation to horses owned by disqualified persons, including in relation to approvals and sale requirements.

16. Offences (HRA Banned List)

Renumber Rule 273(1) to Rule 273(1)(a); add new Rule 273(1)(b)

The amendment makes it an offence to possess gear or equipment included on the HRA Banned List, except with permission. The change broadens the existing rule beyond use of unapproved gear to support proactive integrity and welfare controls.

17. Artificial Breeding Requirements – Embryo Transfer

Amend Rule 285A(10)(a), (b); amend Rule 285A(11); add new Rule 285A(16)

The amendments support appropriate oversight of embryo transfer procedures, clarify that recipient mares are also captured, and add an offence provision.

HRA has advised that the proposed national effective date for the above rule amendments is **October 1, 2026**.

Full details of the rule amendments are provided in the following documentation issued by HRA.

Stakeholders are invited to provide feedback on the rule amendments as per the details at the top of this document.

At the conclusion of the consultation period, RQ will consider any feedback received before proceeding to adopt the rule amendments.

(2) *If a driver's horse or sulky shifts inside the line of the sprint lane prior to the final lap, the driver shall restrain the horse and, without interference to another runner, return to a position outside the line of the sprint lane at the first opportunity; and*

(3) The driver of a horse in contravention of sub-rule (1) or (2) is guilty of an offence and the horse may be disqualified or given a lower placing.

12. PROHIBITED SUBSTANCES

Out of Competition Testing

- **Amend Rule 190A(1) preamble**
- **Amend Rule 190A(1)(a)**

190A. (1) When a sample taken at any time from a horse *has detected in it any prohibited substance specified in sub-rule (2):-*

(a) *The trainer and/or any other person who had the care, custody or control of such horse at the relevant time shall be guilty of an offence.*

(b) The horse may be disqualified from any race in which it has competed subsequent to the taking of such a sample where, in the opinion of the Stewards, the prohibited substance was likely to have had any direct and/or indirect effect on the horse at the time of the race.

Log Book

- **Amend Rule 190B(1) preamble**

190B. (1) A trainer shall at all times keep and maintain a log book *in the form specified by the Stewards:-*

- (a) listing all therapeutic substances in his or her possession;
- (b) recording all details of treatment administered to any horse in his or her care and including as a minimum requirement:

- (i) the name of the horse
- (ii) the date and time of administration of the treatment
- (iii) the name of the treatment (brand name of active constituent)
- (iv) the route of administration
- (v) the amount given
- (vi) the name and signature of the person or persons administering and/or authorising treatment.

Injectable product containing cobalt salts

- **Renumber Rule 194B(2) to 194B(3)**
- **Add new Rule 194B(2)**

194B. (1) A person must not have in his or her possession or on his or her premises any injectable product which contains cobalt salts.

(2) *Cobalt salts means any inorganic or organic compound containing cobalt in a chemically combined form, including but not limited to cobalt gluconate, cobalt chloride, cobalt sulphate, cobalt nitrate and cobalt acetate, whether administered alone or in combination with any other substance, and includes any preparation capable of releasing cobalt ions into the body of a horse.*

(3) A person who fails to comply with sub-rule (1) is guilty of an offence.

14. GENERAL OFFENCES

Horses

- **Amend 218A(1)(c)**

218A. (1) A person having responsibility for the welfare of a horse shall:-

- (a) Exercise reasonable care, control or supervision of the horse so as to prevent:-
 - (i) An act of cruelty to the horse; or
 - (ii) The horse's body condition from declining to, in the opinion of the Stewards based on veterinary advice, an unacceptable level.
- (b) Take such reasonable steps to alleviate any pain inflicted upon or being suffered by the horse.
- (c) *Promptly obtain veterinary advice and provide treatment immediately when necessary in accordance with that advice.*
- (d) Provide and ensure that the horse is ingesting proper and sufficient nutrition.

Blood Doping

- **Amend Rule 254A(2)**

254A. (1) Subject to sub-rule (2) a person shall not either directly or indirectly withdraw from a horse, manipulate and reinfuse into a horse homologous, heterologous or autologous blood products or blood cells.

(2) A registered veterinary surgeon may for lifesaving purposes or through use of veterinary regenerative therapies for the treatment of musculoskeletal injury *or disease, or for diagnostic/laboratory testing procedures*, withdraw from a horse, manipulate and reinfuse into a horse, homologous, heterologous or autologous blood products or blood cells.

(3) A horse that is treated in accordance with sub-rule (2) shall not be permitted to start in any race for a period of eight clear days from the date of the treatment.

(4) A person who fails to comply with sub-rules (1), (2) or (3) is guilty of an offence.

16. DISQUALIFIED PERSONS

Sale of Horses

- **Amend Rule 265(1), (4), (5)**

265. (1) Unless the Controlling Body *or the Stewards* otherwise *approve(s)*, a disqualified person must within 28 days from the date of disqualification or such further period as the Controlling Body *or the Stewards* may allow, sell by public auction or any other way approved by the Controlling Body *or the Stewards*, any horse of which that person is the owner.

(2) A sale must be advertised to the satisfaction of the Controlling Body.

(3) Where the sale occurs other than in the jurisdiction of the Controlling Body the recognised harness racing authority in the place of sale must be given reasonable notice of sale and it must be advertised to that authority's satisfaction.

(4) If the Controlling Body *or the Stewards are* not satisfied that a sale was effected in good faith *it/they* may refuse to approve a transfer or lease of a horse subject to the sale whether from the disqualified owner or anyone else.

(5) If the Controlling Body *or the Stewards are* satisfied that horses owned by a disqualified person are not being used and will not be used for any purpose connected with the harness racing industry, *it/they* may permit the disqualified person not to sell them.

(6) A person in breach of any provision of this rule or who is guilty of lack of good faith in effecting a sale is guilty of an offence.

17. EQUIPMENT AND COLOURS

Offences

- **Renumber Rule 273(1) to 273(1)(a)**
- **Add new Rule 273(1)(b)**

273. (1) (a) A person shall not use or permit the use of any gear or equipment that is not listed on the HRA Approved Gear List, except with the permission of the Chairman of Stewards.

(b) *A person shall not have in their possession any gear or equipment that is listed on the HRA Banned List, except with the permission of the Chairman of Stewards.*

19. ARTIFICIAL BREEDING

Artificial Breeding Requirements – Embryo Transfer

- **Amend Rule 285A(10)(a), (b)**
- **Amend Rule 285A(11)**
- **Add new Rule 285A(16)**

285A. (10) (a) Application for approval to perform an embryo transfer procedure is to be made *in such manner or form as may be determined by the Controlling Body*.

(b) Notification of a completed embryo transfer procedure is to be given within seven (7) days of completion and made *in such manner or form as may be determined by the Controlling Body*.

(11) A mare who has not attained the age of 2 years or is not registered in Australia cannot be used as a donor or *recipient* for an embryo transfer procedure.

(12) A donor mare which has been used in a breeding season for an embryo transfer procedure in respect of which there has been official notification of a 42 day positive test result to such transfer shall not be used in the same breeding season for any method of breeding.

(13) In a breeding season only 1 fertilised ovum may be transferred from the donor mare to a recipient mare at each breeding cycle until a successful pregnancy results.

(14) A recipient mare must be of a breed type which in the opinion of the veterinary surgeon is compatible.

(15) In a breeding season if more than one foal is born of a donor mare then only the first born foal is eligible for registration.

(16) *A person who fails to comply with any provision of this rule is guilty of an offence.*
