

## **Effective midday April 1, 2021**

### **Background**

The purpose of this Addendum is to provide additional information to support the individual Racing Code Protocols following the announcement by the Queensland Government of ongoing restrictions for all of Queensland after the lifting of the lockdown of the Greater Brisbane Area.

These restrictions for all of Queensland apply from midday April 1, 2021 until midday April 15, 2021.

### **Race meetings**

All race meetings will proceed as scheduled, unless otherwise advised by Racing Queensland in specific cases.

Essential racing personnel must comply with all Queensland Health directions. This includes wearing face masks at all times (including in mounting yards, behind barriers, starting boxes etc.). Jockeys and drivers are not required to wear a face mask whilst racing, but must wear a face mask at all other times.

Patrons are able to attend race meetings but must also comply with all Queensland Health directions. This includes the need to wear face masks when indoors, as well as outdoors when not able to physically distance.

There is also a requirement for seated eating and drinking when indoors. However, people may stand to eat or drink in outdoor areas (ie: areas that are not substantially enclosed by a roof and walls, regardless of whether the roof or walls or any part of them are permanent or temporary, or open or closed).

### **Core Racing Area access**

Access to the Core Racing Areas at race meetings is restricted to Essential Racing Personnel only. Owners are not permitted access to these areas at this time.

### **Temperature testing on arrival**

Temperature testing of Essential Racing Personnel on arrival at all TAB race meetings throughout Queensland has been reintroduced and will continue during this period.

### **Official trials**

Official trials will be restricted to Essential Racing Personnel only during this period.

### **Contact tracing alerts**

Queensland has current contact tracing alerts and related public health advice.

All race clubs and Essential Racing Personnel are advised to refer to the following link, which contains a list of venues for contact tracing. All parties are reminded of their obligations and requirements if they have been to any of the venues on the dates and times specified.
