MORE RETURNS FOR BREEDERS AND OWNERS

The QBRED Incentive Scheme continues to reward participants who breed and own QBRED eligible standardbred horses in Queensland. This is achieved through the distribution of over \$2.5 million in QBRED bonuses and feature race stakes, with prospective breeders and owners able to share in these benefits by either purchasing or breeding a QBRED Horse. Racing Queensland, in conjunction with the local industry, looks forward to continuing to develop the QBRED Incentive Scheme with the aim of offering Queensland breeders and owners the chance to participate in the best standardbred breeding incentive scheme in Australasia.

QBRED FOR LIFE – A SUCCESS

In the 2019/20 Racing Season a significant enhancement to the QBRED Incentive Scheme was introduced – ‘QBRED For Life’. QBRED For Life removed the age restrictions from the QBRED First Win Bonus and QBRED Second Win Bonus while also providing access to the ‘QBRED Cash Bonuses’. This has provided owners and breeders with enduring benefits and meant that there is less pressure on owners and breeders to breed a horse early in the season and less pressure on horses to win their QBRED First Win Bonus or Second Win Bonus by the end of a particular racing season. It has also ensured that horses which mature later in life retain the opportunity to win lucrative bonuses for their connections. Pleasingly, this has resulted in a 60% increase in stakes and bonuses being paid out over the past racing season.

A NEW OPPORTUNITY – THE TRANSITIONAL QBRED

In line with the aim of QBRED continuing to offer incentives to local breeders to breed quality standardbred horses in Queensland, in the 2021 Racing Season a new type of QBRED eligibility will be introduced – The ‘Transitional QBRED’. The Transitional QBRED will allow a mare inseminated outside of Queensland to be transported to Queensland to foal, with the resulting foal eligible for the QBRED Incentive Scheme (provided that all other terms and conditions are met). To maintain the integrity of the QBRED Incentive Scheme, an eligible mare will only be entitled to foal one ‘Transitional QBRED’ in her breeding career and at least 50% of the resulting foal must be owned by Queensland residents on the day of its foaling. This incentive has been introduced following feedback from Queensland breeders expressing a desire to be able to breed a QBRED Horse out of a mare that has been relocated to Queensland without having to wait a season, for example where an in-foal mare has been purchased from interstate or where a breeder has relocated to Queensland permanently. The eligibility requirements relating to the Transitional QBRED will be reviewed prior to the commencement of the 2022 Racing Season to ensure that the benefits intended for the Queensland standardbred breeding industry are achieved.

QUEENSLAND – RICH IN HORSE AND HISTORY

Queensland has a rich history in harness racing. Some of the biggest names in the sport have been QBRED stars, such as Blacks A Fake, Be Good Johnny, Forever Gold, Majestic Mach, Leos Best, Bettor Promise, Bettorthanspecial,

Catcha Lefty, Colt Thirty One, Smart As Camm Be and Governor Jujon just to name a few!

Connections of QBRED champions have received over \$20 million in QBRED bonuses and \$9 million in additional stakes.

QBRED ELIGIBILITY EXPLAINED

There are two (2) ways to reap the benefits of the QBRED Incentive Scheme and be eligible for a share of over \$2.5 million on offer during the 2021 Queensland harness racing season – by either breeding or purchasing a QBRED Horse.

1. BREED A QBRED HORSE

A horse is eligible for the QBRED Incentive Scheme should it meet the eligibility criteria listed below and all other terms and conditions of the QBRED Incentive Scheme ('QBRED Horse'):

- > Eligibility A (Queensland Based Mare) – the progeny of a mare inseminated in **Queensland** with the semen of a registered Standardbred stallion (whether or not that stallion was registered as standing in Queensland at the time of insemination) and which is **born and notified** in Queensland;
- > Eligibility B (Queensland Sired) – the progeny of a mare inseminated with the semen of a Standardbred stallion where that stallion was, at the time of insemination, registered with the QRIC and located **in Queensland**;
- > Eligibility C (Transitional QBRED) – the progeny of a mare inseminated outside of Queensland that produces a foal which is born **in Queensland**. No other progeny of the mare is allowed to have participated in QBRED (or be a current QBRED horse) and at least 50% of the progeny must be owned by residents of Queensland (on the day of foaling);

- > Eligibility D (Additional Trotter) – the progeny of a mare inseminated with the semen of a Standardbred stallion where the stallion was, at the time of insemination, registered with QRIC and listed in the Standardbred Stallion Index as a Trotter ('TR' notation).

For Eligibility B horses and Eligibility D horses that were foaled outside of Queensland, and all Eligibility C horses a Request Form must be submitted to and accepted by Racing Queensland prior to the horse becoming eligible for QBRED.

2. PURCHASE A QBRED HORSE

A QBRED Horse may be purchased either through private sale or from a public sale such as a yearling sale. Queensland hosts two public yearling sales each year, the Australian Pacing Gold Yearling Sale in January and the Garrards Redcliffe Yearling Sales in March.

HOW DO I NOMINATE A HORSE FOR QBRED?

To participate in the QBRED Incentive Scheme, a QBRED Horse must be 'nominated'. Nominating a QBRED Horse to be part of the QBRED Incentive Scheme involves following two easy steps:

1. NOMINATION FEE

Within 1 year of a QBRED Horse being born, the owner/breeder must pay Racing Queensland the 'QBRED Foal Fee' (as outlined in 'Nomination Fees' section below) for the QBRED Horse to become eligible to participate in QBRED.

2. SUSTAINING FEES

In addition to the QBRED Foal Fee, the owner must pay Racing Queensland **one** of the sustaining fees listed below:

A. SINGLE YEAR FEES

At the commencement of a QBRED Horse's 2YO, 3YO and 4YO+ racing seasons, a Single Year Fee is available to be paid which will make the horse eligible for the QBRED Incentive Scheme. Where a Single Year Fee has been paid for a QBRED Horse prior to the commencement of a racing season:

- (i) and a Single Year Fee has not previously been paid for the QBRED Horse, the QBRED Horse will be eligible for the QBRED Incentive Scheme **for that racing season only**;

- (ii) and a Single Year Fee has previously been paid for the QBRED Horse, the QBRED Horse will be eligible for the QBRED Incentive Scheme **for life**.

NOTE: A Single Year Fee is only available in a QBRED Horse's 4YO+ racing seasons if a Single Year Fee has previously been paid for the horse in either its 2YO or 3YO racing seasons.

B. SERIES FEES

At the commencement of a QBRED Horse's 2YO and 4YO+ racing seasons, a Series Fee is also available to be paid which will make the horse eligible for the QBRED Incentive Scheme **for all racing seasons** after the payment of the relevant Series Fee (see below for further details).

SUSTAINING PAYMENT FEE SCHEDULE

PACERS

2YO SUSTAINING PAYMENT

Owners of a 2YO QBRED Horse that is a pacer have two options for maintaining the eligibility of their horse for the QBRED Incentive Scheme. The Owner can either:

- A) pay a \$700 Series Fee (**2YO Series Fee**). A Series Fee is 'paid for life' meaning no further payments will need to be made for the horse to participate in the QBRED Incentive Scheme in each subsequent racing season; or
- B) pay a \$460 Single Year Fee (**2YO Single Year Fee**). The 2YO Single Year Fee is paid for the 2YO season only.

NOTE:

- > The discounted '3YO Final Fee' payment option will be removed following the 2021 Racing Season. Payment of the 2YO Series Fee is therefore advised if the owner is wishing to maintain the eligibility of their horse for the QBRED Incentive Scheme in the 2021 Racing Season and any subsequent racing season.

3YO SUSTAINING PAYMENT

To maintain the eligibility of their horse for the QBRED Incentive Scheme, owners of a 3YO Eligible Horse that is a pacer will need to:

- A) pay a \$240 Single Year Fee (**3YO Final Fee**) if the 2YO Single Year Fee was paid in the 2019/20 season; or
- B) pay a \$460 Single Year Fee (**3YO Single Year Fee**). The 3YO Single Year Fee is paid for the 3YO season only (and is only payable if no previous Single Year Fees have been paid).

NOTE:

- > If two or more Single Year Fees have been made in respect of a QBRED Horse, that horse will be considered 'paid for life' meaning no further payments will need to be made for the horse to participate in the QBRED Incentive Scheme in each subsequent racing season.

4YO & OLDER SUSTAINING PAYMENT

To maintain the eligibility of their horse for the QBRED Incentive Scheme, owners of a 4YO or older QBRED Horse that is a pacer will need to:

- A) make no payment if two Single Year Fees have previously been paid;
- B) pay a \$460 payment (**4YO & Older Final Fee**) if one of the Single Year Fees have been paid in a previous season;
- C) pay a \$1,200 Series Fee (**4YO & Older Series Fee**). A Series Fee is 'paid for life' (and is only payable if no previous Single Year Fees have been paid and the QBRED Foal Fee has been paid).

TROTTERS

To maintain the eligibility of their horse for the QBRED Incentive Scheme, owners of a QBRED Horse that is a trotter will need to:

- A) pay a \$400 Series Fee for a 2YO trotter (**2YO Trotter Series Fee**). A Series Fee is 'paid for life' meaning no further payments will need to be made for the horse to participate in the QBRED Incentive Scheme in each subsequent racing season;
- B) pay a \$250 Single Year Fee for a 2YO trotter (**2YO Trotter Single Year Fee**). The 2YO Trotter Single Year Fee is paid for the 2YO season only;
- C) pay a \$250 Single Year Fee for a 3YO trotter (**3YO Trotter Single Year Fee**). The 3YO Trotter Single Year Fee is paid for the 3YO season only (and is only payable if no previous Single Year Fees paid);
- D) pay a \$250 Single Year Fee for trotters 3YO or older (**3YO+ Trotter Final Year Fee**) if only one of the Single Year Fees have been paid in previous seasons;
- E) pay a \$700 Series Fee (**4YO+ Trotter Series Fee**) if the QBRED Horse is 4YO or older and no previous Single Year Fees have been paid but the QBRED Foal Fee has been paid.

**** All Fees include GST**

NOTE: Where the QBRED Foal Fee and two or more Single Year Fees are paid, a QBRED Horse will be treated as if the Series Fee has been paid in respect of it.

LATE PAYMENTS

Should the relevant Series Fee or Single Year Fee not be paid by the prescribed date for any horse, regardless of whether a pacer or trotter, that horse will not be eligible for any portion of the QBRED Incentive Scheme for that season (unless another due date for payment has been agreed with RQ).

Late payment of the QBRED Foal Fee will result in the horse not being eligible to enter the QBRED Incentive Scheme for its entire racing career (unless another due date for payment has been agreed with RQ).

MULTIPLE ELIGIBILITY

A horse that is a QBRED Horse may remain eligible for any other State or Territory schemes subject to the terms and conditions of such schemes. Being eligible for any other State or Territory schemes does not preclude entry or eligibility to QBRED.
