PREFERENTIAL BOX DRAW RACING (PBD)

Early Running Trait

- The trainer must advise either Rail (R), Straight (S), or Wide (W) early racing trait upon nominating a greyhound for a PBD event for the first time.
- The nominated race trait will be reviewed by the PBD Panel prior to grading and may be amended with the trainer consulted and advised accordingly.

Eligibility

- A greyhound must have had at least one race at the track and distance before becoming eligible to nominate for a PBD race.

Grading

- Fields will be determined using the Grading Procedures.
- No reserves will be drawn.
- Multiple divisions of the same grade will be randomly divided.

Box Draw Method

- Once a field has been selected, the early running traits of each greyhound will be grouped, and a random box draw will be conducted. For example, in an 8-dog field, if three greyhounds are designated (R), two greyhounds are designated (S) and three greyhounds designated (W), then boxes 1-3 will randomly drawn for the (R) runners, boxes 4-5 will be randomly drawn for the (S) runners, and boxes 6-8 will be randomly drawn for the (W) runners.

Post-event Race Trait Assessment

- After the first nomination and subsequent race start, the early running trait of a greyhound will be reviewed by the PBD Panel and may be amended with the trainer consulted and advised accordingly. The Panel will continue to review race traits applied to a particular greyhound in subsequent starts and further amendments may apply.

RACE FIELD SELECTION PROCEDURE

Eligibility To Compete

- A greyhound cannot be nominated for an event before it attains the age of sixteen months.
- To be eligible to nominate for a race meeting, the greyhound must be eligible to race on the day of the race meeting, at the closing time of nominations. Greyhounds that have qualified for a final will be automatically drawn in the final regardless of their eligibility to compete on the day of the race meeting.
- Eligibility for Maiden and Grade 6 greyhounds will be at the time of the race meeting.
- Eligibility for all other events will be at the time of grading.

City Eligibility

- Maiden greyhounds are eligible to nominate for City events in the staying distance category provided they have placed (second or third) in a City or Provincial event in the middle category or staying distance category.

Maiden winning away from Series / Event

- A maiden greyhound competing in a series, which consists of at least heats and a final, during the time of the series being conducted, wins an event other than as part of the series, shall not be eligible to compete further in the series.

Eligibility – Series / Event

- To be eligible to contest a series/event a greyhound must be eligible to race at all of the tracks at which the greyhound may be required to race during the series/event.
- Where a greyhound has qualified for a final as a runner or reserve, it will be required to be drawn in the final. Where a greyhound has qualified as a runner, it will not be permitted to nominate for another event at the race meeting. Where a greyhound has qualified as a reserve, it will not be permitted to nominate for another meeting on the same day. A greyhound qualified for reserve in a final may nominate for another event at the same race meeting as per GAR 85 (13).
- Where two or more series have finals conducted on the same day, a greyhound will not be permitted to nominate for more than one series.

Condition Of Nomination (The Q Venues)

- An indefinite condition of nomination will be introduced, requiring a greyhound nominated for an event at The Q to have successfully trialled out of the starting boxes to the satisfaction of QRIC stewards and/or QGRC officials, at the specific track it is to be nominated for (Q1, Q2 and/or Q Straight). A satisfactory pre-nomination trial at The Q requires that a greyhound completes the following:
 - 1) Jumps from a starting box approved by QRIC stewards and/or QGRC officials;
 - 2) Runs past the finishing post; and
 - 3) Enters the catching pen.
- If a greyhound has successfully trialled at only Q1 Lakeside, it is only eligible to be nominated for and compete in an event at Q1 Lakeside).

GUARDING

- If on a program there are two or more greyhounds owned and/or trained by the same person, they shall be allotted to as many separate events as possible.

RESERVE RIGHTS

- Where a greyhound is listed as a reserve and does not gain a start, the greyhound shall have reserve rights in the order of entry for a race event of the same distance at the next race meeting on the same day at a particular venue. If the greyhound is not eligible for any race events at the next meeting, reserve rights will carry over to the next meeting on the same day at a particular venue until it is eligible for a race event.
- If a mixed grade or restricted wins event is advertised, greyhounds with reserve rights will have preference over greyhounds of the same grade **only**.
- A greyhound listed as a reserve that does gain, or would have been eligible to gain a start, that is withdrawn from the event for any reason whatsoever, shall forfeit any reserve rights.
- Transferred and Postponed race meetings at a particular venue will be deemed to be the same day of the week for the purposes of reserve rights.

COMPOSITION OF FIELDS

Open Feature Event

A greyhound must be nominated for an Open Feature Event to be considered.

For an Open Feature Event the Selection Order of Choice will not apply – the greyhounds included for the event shall be at the discretion of the Grader.

Restricted Grade Heats

When restricted grade heats are programmed (eg. 5th Grade heats, 4th/5th Grade heats etc.) all eligible greyhounds will only be given the option to select heats.

Graded Events

When a greyhound is nominated for a Graded 1,2,3,4,5 the following races may be drawn:

- Free For All
- Grade 1
- Mixed 1/2
- Grade 2
- Mixed 2/3
- Grade 3
- Mixed 3/4
- Grade 4
- Mixed 4/5
- Grade 5

The following Graded events will only be drawn when they are programmed:

- Open
- Mixed 5/6
- Mixed 6/M

In an event in which two Grades are combined, greyhounds of the higher of the Grade will be included first followed by the lower Grade regardless of form.

In the event of composing a mixed grade event and single grade event on the same program, the greyhounds elevated to a mixed grade event will be at the sole discretion of the grading panel.

A “5th grade only” specification on a nomination is not acceptable to avoid being drawn in a Mixed 4th/5th grade race.

SERIES SELECTION SCALE

- Unless, in special circumstances, approved otherwise by the Governing Body and advertised as a condition of a Series/Event, the following shall apply when establishing which greyhounds from Qualifying Trials/Heats/Semi-finals shall progress further in a Series.

Heats / Semi-Finals	Field	Reserves
2	1 – 2 – 3 – 4	Fastest 5 – 5
3	1 – 2 – fastest 3 – 3	Other 3 – fastest 4
4	1 – 2	Fastest 3 – 3
5	1 – fastest 2 – 2 – 2	Next fastest 2 – 2
6	1 – fastest 2 – 2	Next fastest 2 – 2
7	1 – fastest 2	Next fastest 2 – 2
8	1	Fastest 2 – 2
9	Fastest 1	Other 1 – fastest 2
10	Fastest 1	Next fastest 1 – 1

- The principles of the scale shall apply if a greater number of Heats / Semi-finals.
- In the case of a Dead-Heat, thereby creating a situation where more than the permitted number of greyhounds is to be considered to progress further in a Series/Event, the greyhound to be selected shall be randomly selected from the greyhounds that comprised the Dead-Heat. The greyhound unsuccessful in the ballot shall be afforded a preference when being further assessed in accordance with the principles of the scale.
- For the purpose of this scale, “fastest” shall mean the actual time of a greyhound in the Event. Should it not be possible to establish the time for a greyhound in the Event, the progress of a greyhound in a Series/Event shall be at the discretion of the Grading Panel.
- Should a circumstance arise in which the principle of this scale would not be appropriate, the progress of a greyhound in the Series/Event shall be at the discretion of the Grading Panel.

Consolation Events

- A greyhound must be nominated for a Consolation to be considered for selection.
- A greyhound must have competed in the heats to be eligible for the Consolation.
- Greyhounds included in a Consolation shall be included in accordance with their placing and time in the Event that qualifies greyhounds for a final.

NOMINATION POLICY

Preference Nominations

- A nomination for two or more events will be considered in order of preference. Once a greyhound has been drawn in an event, all further preferences will be disregarded.

Nomination Extension Clause

- Unless otherwise prescribed by the governing body, all greyhounds entered for an Event prior to a nomination extension will be granted 1st preference when grading fields. Late nominations may be entered by phone.

Nomination Guidelines

- Racing Queensland will advertise race programs for all race meetings prior to the close of nominations. The nominator will not be permitted to nominate for race events that aren't advertised. Racing Queensland reserves the right to amend the program at any time.
- All nominations are required to be submitted online via Ozchase prior to the advertised close of nominations for each race meeting.
- All advertised race events will be provided in the race event drop-down list for each race meeting.
- For every nomination, the nominator is required to choose a race event from the race event drop-down list. It is the responsibility of the nominator to check the race program and nominate accordingly.
- The greyhound will only be considered for the race event which is selected by the nominator. It is responsibility of the nominator to submit additional preferences if the greyhound is to be considered for multiple race events, including if the greyhound has been nominated for a feature event.
- All greyhounds will be graded as per the nomination submitted and the grading procedures. Trainers are not permitted to make conditional nominations (eg. leave out if can't split).

Long Distance Travel

- Where a trainer is travelling a long distance to a race meeting (250km or more) the trainer may make a written request to the grading department prior to the close of nominations to cancel all nominations if a minimum number of greyhounds are not drawn.

Early Race Requests

- If a greyhound consistently requires an early race due to the greyhound's behaviour, the trainer can submit an early race request application to the Stewards.
- The early race request application will be assessed by the Stewards and the race day Veterinarian.
- Regardless of an approval for an early race, in some circumstances it may not be possible for an approved greyhound to be granted an early race.
- Any other reasonable request for an early race must be made in writing to the Grading Department prior to the close of nominations for the race meeting.

HOW TO NOMINATE

Racing Queensland will accept nominations Online – via Ozchase
<https://noms.ozchase.com.au/Login>

Late nominations may be submitted by phone (1800 851 155) during a nomination extension.

CORRECTION OF SELECTION ERROR

If a greyhound that should not have been included in the Box Draw is so included, it shall be withdrawn by order of the stewards.

If a greyhound that should have been included in the Box Draw is not included and the omission is discovered by not later than 12 noon the next business day, the Grader, Chief Steward or Greyhound Manager may order that the greyhound be included in the field and a drawn greyhound deleted from the field. If so ordered, the original Box Draw shall be cancelled and a new Box Draw conducted.

Redrawing a race to correct the selection order will not account for other grading implications that may have been considered in composing the fields for the original box draw such as guarding, second preferences, etc.

POWERS OF GRADER

Notwithstanding the provisions of the Selection Order of Choice, the Grader may exercise discretion in any matter relating to the inclusion of a greyhound in an event.
