S. Comments:Slow to begin and then crowded for room a short distance later. When asked to comment on the performance apprentice B. Wheeler stated it had been his intention to ride in a more forward position, however with the removal of the blinkers from the horse's gear, the gelding was tardy away and unable to muster speed. He further added when restraining from heals near the 800m, the gelding raced ungenerously for a short distance with its head in the air.
